

## Grey Paper on Faculty Governance: Version 2

Here is a more robust version of the Grey Paper on Faculty Governance. At this time Proposal II is eliminated to focus our energy on revised Proposal I below.

### Proposal I:

CEPP, CC, CAPT, CAFR, FEC, and IPPC are committees “especially concerned with those subjects for which faculty members have primary responsibilities: academic freedom, academic standards, educational policy and curriculum, faculty status, and self governance” and must attract a rich slate of candidates for election. However, the time away from teaching and research is a considerable discouragement to many faculty, especially with our current high standards for teaching and scholarship. FEC should consider a system where members of these committees receive additional faculty development funds to help offset this time commitment. Therefore, each faculty member serving on CEPP, CC, CAPT, CAFR, FEC, and IPPC receive an additional \$2000 funding for travel to read or faculty development annually. Faculty chairs/co-chairs of these committees receive an additional funding of \$3000. In addition, faculty members serving on the FDC, Tenure Review Board, Honor Code Committee, CAS, AC, and ad hoc committees related to academic and personnel issues receive an additional \$1500 funding for travel to read or for faculty development annually. Faculty chairs/co-chairs of these committees receive an additional \$2000 funding for travel to read or faculty development annually. These incremental funds can be banked from year to year.
